### What is We Are Cities?

We Are Cities is a campaign that will engage citizens and organizations across the country to create a new vision and action plan for how we can build livable cities—healthy places for all Canadians to live, work and play.

Canada's future quality of life and prosperity are directly tied to the health and vitality of our cities. We are an urban nation; we cannot afford to ignore our urban areas by implementing policies that hurt cities and the people who live in and around them.

### How to get involved

- **Online:** Submit new ideas at [wearecities.ca](http://wearecities.ca), vote on other peoples' ideas, and contribute to the online discussion to help inform the action plan.
- **Roundtable:** Connect with others in your community to create a shared vision for Canadian cities. Visit [wearecities.ca/roundtables](http://wearecities.ca/roundtables) for more info.
